

Innovation Connect Grant Recipients

The Canberra Innovation Network in partnership with the ACT Government will deliver the Innovation Connect (ICON) Grant program and provide matched funding between \$10,000 and \$30,000. The new look program builds on the successes already seen and continue to support the thriving startup culture in Canberra and empower entrepreneurs to develop and grow their innovative ideas.

Innovation Connect has been designed to assist companies that need support in the early stages of taking an innovative product or service to investment readiness or commercialisation.

The following is a list of recipients of Innovation Connect funding support since the program commenced in the 2008–09 financial year.

Full details of the Innovation Connect grant program are available at [>>>> cbrin.com.au/icon](https://cbrin.com.au/icon)

Grant Recipients 2024-25

October 2024

Company	Project description	Commitment
Biomedical Performance Technologies	BPT is developing products and technologies to optimise human-machine performance, starting with motorsport.	\$30,000
BOOST Health Labs	Developing Flip* app, a direct-to-consumer pain recovery app, based on its award-winning BOOST Recovery Program.	\$30,000
Canberra Dynamics	Designing an anti-drone device to improve security in places like airports, stadiums, music festivals, and other popular gathering spots.	\$30,000
Humaneer	A sophisticated AI SaaS platform integrating workplace legislation, HR advice, and internal templates to streamline HR processes.	\$30,000
OX Rooms	Developing a secure online platform delivering transparency, cybersecurity and efficiency for everybody involved in buying or selling a home.	\$26,500
Remote Water Analytics	Development of satellite models to inform sustainable land management practices (Female Founder).	\$30,000
Sightdata	Solution to protect the lives of workers on roads by enabling early warning of high speed risks to workers through leading edge sensor technology.	\$30,000
WaitOnce	Enabling allied health providers to manage client bookings, solving big problems around cancellations and rebooking for disability clients needing recurring appointments.	\$30,000
Total		\$236,500.00

Grant Recipients 2023-24

April 2024

Company	Project description	Commitment
Braddon Endo	Creating an innovation in dental care, providing precise diagnoses immediately.	\$20,000
GC Precision Developments	Local manufacturing of modular systems for law enforcement, sporting and pest control.	\$30,000
Mileva Security Labs	Helping organisations conform to AI standards and regulations while managing AI risks through expert advisory and training (Female Founder).	\$30,000

Company	Project description	Commitment
Momentum Health Technologies	The Printed Symmetry project is building a 3D printed helmet therapy solution for children with Plagiocephaly and Brachycephaly.	\$30,000
Nuvento	Developing Nu42, an advanced AI platform designed to significantly enhance efficiency through automated workflows, decision support frameworks and more.	\$30,000
Oak Systems	Software capability to safeguard high-cost crewed systems and ensure mission success.	\$30,000
Ohna	Building a logistics platform to support local growers to deliver fresh produce to customers (Female Founder).	\$30,000
SplitCONJ	A complimentary tool which will easily resolve a clearly identified conduit design flaw in the electrical and associated sectors.	\$20,000
Sprout Materials	A circular and compostable alternative through patented chemistry, offering a sustainable solution to hard plastic.	\$30,000
Total		\$250,000.00

October 2023

Company	Project description	Commitment
Dragonfly Thinking	Dragonfly Thinking revolutionises problem-solving for policy and business leaders by introducing innovative AI-driven visual tools and techniques, enabling a more flexible and agile approach to complex problem analysis and intervention.	\$30,000
Endless Australia	Endless Australia pioneers the creation of premium, eco-friendly skateboard decks using 100% recycled and recyclable plastic bottle lids, catering to environmentally-conscious skateboarders and collectors seeking sustainable, Australian-made alternatives in the adrenaline sports industry.	\$30,000
HOSKING Bikes	Hosking Bikes, founded by former professional cyclist Chloe Hosking and her husband Jack Lindsay, is a pioneering bike brand aiming to make cycling more accessible, offering affordable and customizable bike options while advocating for inclusivity and greater representation of women in the cycling industry.	\$30,000
Mobile shower commodes	Mobile Shower Commodes offers a range of accessible commodes designed to prevent falls and enable safe showering for people with disabilities and the elderly, providing a cost-effective solution for home care and hospital discharge needs globally.	\$30,000

Company	Project description	Commitment
SocialProtect	SocialProtect is a platform that automatically removes abusive comments from users' social media posts, providing real-time protection against online abuse for individuals and organizations, with a focus on enhancing the online experience and mental well-being of users.	\$30,000
TaperMate	TaperMate is a mobile app that empowers users worldwide to safely taper off medications causing withdrawal symptoms by providing evidence-based information, customizable tapering plans, symptom tracking, and access to expert advice and peer support.	\$26,000
Traceably	Traceably enables digital teams to seamlessly collaborate and design human centric digital solutions and services.	\$30,000
Waste Check Systems	WasteCheck offers an innovative IoT bulk bin weighing system for the commercial and industrial property sector, providing real-time waste weight data to enhance sustainability tracking and reduce excess waste charges.	\$28,000
Yarn	Yarn is a digital health platform addressing long speech pathology wait times, offering fun, evidence-based programs for children with speech and language difficulties, empowering parents to take action.	\$30,000
Total		\$264,000.00

Grant Recipients 2022-23

April 2023

Company	Project description	Commitment
Berrijam	No-code AI platform for business insights and predictions.	\$30,000
Decision Revolution	An online diagnostic, training, and coaching platform for personal and professional decision making.	\$28,000
Evolve Simulations	AI interfacing toolset to produce VR where the user plays the main character and interacts with virtual characters.	\$30,000
Future Swirl	Developing take home tubs of oat milk ice cream.	\$30,000
Haast	Brand and legal compliance software.	\$30,000
Huum Bio-reclamation	Transportable, 'smart', safe, odourless, and fully automatic composting machine.	\$30,000
Sight Data	Computer vision and machine learning system for construction sites with real time notifications of risks assist in managing safety.	\$30,000

Company	Project description	Commitment
Your Season	Online platform that organises clothing by seasonal colour analysis.	\$30,000
Total		\$238,000.00

November 2022

Company	Project description	Commitment
Bake Sale	Bakesale hits that sweet-spot of connecting people looking for that extra special something made with love, with local bakers selling their amazing, home-baked creations.	\$12,000
Penwell	Penwell is a smart software that helps teachers to identify students' writing patterns, errors and opportunities for improvements.	\$10,000
ROTA SKIP	ROTA SKIP is a patented material handling unit trailer mounted design for convenient, and easy to load and unload.	\$30,000
Smartlox Digital Lockout	Smartlox is improving the safety and efficiency of the lockout tagout process by harnessing software and battery powered Bluetooth padlocks.	\$30,000
The Pupoon	The Pupoon is the device all dog owners need – providing a clever storage capsule that attaches seamlessly to a leash to help dog owners clean up after their dogs in public places without the hassle.	\$25,000
Total		\$107,000.00

Grant Recipients 2021-22

April 2022

Company	Project description	Commitment
AppSec Fast-track	AI solution that fixes security defects the same way a security engineer fixes the code, just instantly with a fraction of the price.	\$30,000
RediRobots	A robotic solution to assist textile recyclers in sorting and handling waste streams.	\$30,000
Disaster Science – Bushfire IO for the US	Technology to improve decision making when faced with a natural disaster.	\$30,000
Lingosing!	AI-enhanced, grammatically-correct nursery rhymes that teach languages through music.	\$12,000

Company	Project description	Commitment
The Easy Read Toolbox	To increase use of easy to understand, accessible communication for people with disabilities / low literacy via The Easy Read Toolbox.	\$25,000
Powerhaus Zero-Carbon Tool	The zero-carbon tool turns the mandatory energy-efficiency star rating into practical, decision-oriented graphics, helping people build future-proof homes.	\$25,000
Vibe Dynamics	To facilitate, rehabilitate and promote better sexual function for those with complex medical conditions.	\$28,000
Total		\$180,000.00

August 2021

Company	Project description	Commitment
Alfred	Alfred is meal tracking service that helps busy people keep a health-focused food diary.	\$15,000
Aurabox	Aurabox is a cloud-based, medical imaging storage and viewing platform which allows doctors to access a patient's entire imaging history on one platform regardless of where imaging was obtained.	\$30,000
FC Tekkers	FC Tekkers is a tech-enabled, soccer-focused family entertainment centre involving soccer challenges, competitions, food and beverage, merchandise, and eSports.	\$15,000
Lift Pass	A personal device for snow transport, allowing you access to new slopes and tracks.	\$30,000
Membrane Transport Engineers	An AI-powered system using Advancing water separation technologies to turn agricultural wastewater into valuable assets and drought-proof Australian agriculture.	\$30,000
PV Labs	Developing machine learning to automate solar panel electroluminescence (EL) image analysis.	\$30,000
Recruitable Hub	To revolutionise the recruitment industry, making it easier for candidates to find great jobs, and hiring managers to quickly find the perfect person.	\$15,000
Viortec	A smart surgical clamp aiming to have a major impact on the precision and efficiency of robotic knee replacement surgery.	\$30,000
Total		\$195,000.00

Grant Recipients 2020-21

April 2021

Company	Project description	Commitment
Auditum All	A streamlined audio description service and App for performance, theatre and film.	\$25,000
Bushfire.io	A national view of bushfire warnings, fire incidents and critical information people need to protect themselves and their property.	\$30,000
Freedom From Chronic Pain	Telehealth platform that enables people worldwide to go beyond managing their pain to actually recovering from most chronic pain conditions.	\$30,000
S365 by SafeSynergy	An AI-powered system using computer vision to detect workplace hazards and alert workers in real-time across transport operations and manufacturing sites.	\$23,300
The Joyful Fashionista	A peer-to-peer shopping website for second-hand and sustainable clothing.	\$17,500
Miiroko	A subscription home hair colour, where users can access hairdressers to help select and apply the colour.	\$30,000
Nomad Atomics	Fibre based laser system to enable true portable quantum sensors.	\$30,000
Flex EV Systems	High performance modular vehicle electrification for the most challenging applications demanding zero emissions.	\$23,300
Rexergy	Helping small businesses to reduce their energy bills by making sure they are always on the best energy plan.	\$23,300
STMNA Bioactives	Software-as-a-service subscription that delivers a personalised, scientifically-proven bioactive compounds that improve health.	\$30,000
Total		\$262,400.00

August 2020

Company	Project description	Commitment
Agent-99	Software platform that gives real estate agents more time to convert higher value sales leads from start to finish while improving trust with vendors through direct and transparent buyer feedback.	\$30,000
Augmented-Intelligence	Fatigue and Cardiovascular monitoring for heavy vehicle drivers using an ECG monitor embedded in the steering wheel.	\$30,000
HeyFritz	Data and AI driven peer to peer item hire platform.	\$30,000

Company	Project description	Commitment
Infinity Avionics	Offering a flight proven, reconfigurable, and flexible processing platform for cube satellites in the industry's smallest form factor.	\$28,000
Maple Glass Printing	Building and launching the world's first glass 3D printer	\$30,000
Safety Tech 360	Developing a mobile app that will empower construction workers to improve safety on the worksite by making it easy to report dangerous hazards.	\$30,000
You.InControl	Wireless home electrical control system using LoRa technology.	\$30,000
ZaliaFlow	Privacy preserving tools for developers in organisations to build programs that can use data without decrypting it or taking it off the customer's device.	\$30,000
Total		\$238,000.00

August 2020 - COVID-19 Relief Round (Boosting Innovation Grant)

Company	Project description	Commitment
CardCastle	Automatic card sorting robot for Magic: The Gathering collectible card game	\$28,600
3 Mills Bakery	Development and distribution of bake-at-home range of artisan pastries	\$28,600
Altina Drinks	R&D + distribution for new range of alcohol-free cocktails	\$28,600
Brain Changer	Development of software to allow integration and accessibility for clinics, allowing them to engage with the Brain Changer program	\$28,600
Mentis Technologies	Addition for the highly demanded GIF capability to their existing suite of image capture offerings	\$28,600
Evalu8 Sustainability	Evolution of their carbon footprint auditing platform to adapt to corporate needs	\$28,600
Flex-G	Development of MVP for enhanced liquid cooling capability using graphene lattice	\$28,600
Kinetic Performance	Development of new weight-room performance analytics tool for high school/college sport coaches	\$28,600
Savvy Technical Solutions	Evolution of existing product to move into the crane levelling market	\$28,600
SignOnSite	Product expansion into the New Zealand construction industry as well as R&D	\$28,600

Company	Project description	Commitment
XMentum	R&D and deployment of 3D rendering technology to assess road and infrastructure integrity	\$28, 600
Total		\$314,600.00

Grant Recipients 2019-20

April 2020

Company	Project description	Commitment
Castlepoint Systems	Software platform using AI to read, register and regulate records through a central portal	\$30,000
Ethitrade	Blockchain based food provenance platform	\$30,000
FungiCo Mushroom Leather	Sustainable fungi leather to replace animal leather in fashion	\$30,000
Heaps Normal	Non-alcoholic craft beer using new brewing methods to achieve appealing flavours	\$30,000
Quantum Brilliance	Room temperature quantum computing using the unique properties of diamond	\$30,000
SIHQ (now Foremind)	Combines an automated booking platform, video conferencing, practice management tools and data analytics	\$30,000
Underwater Baitsetter	Device which delivers commercial baited hooks deep underwater by stealth to prevent bait loss and unnecessary bird loss.	\$30,000
WorldStack	Image recognition software	\$30,000
Zen Ex Machina	App that digitalises team agility process assessment and provides suggested learning paths and improvement goals	\$30,000
Total		\$270,000.00

September 2019

Company	Project description	Commitment
CardCastle	Automatic card sorting robot for Magic: The Gathering collectible card game	\$30,000
CHELTech	Carbon electrodes to produce hydrogen using electrolysis	\$30,000
ECOBUIOY	Floating platform using ultraviolet & ultrasonic filtration to mitigate algal blooms	\$30,000
Selectr	Software tool to support sports clubs with squad selection	\$30,000
Send and Shred	Secure document destruction service	\$30,000
Space Services Australia	Digital twin software coupled with physical twin testing for small spacecraft	\$30,000
The Healthy Eating Hub	Online healthy eating program using incremental habit building	\$30,000
The Helpful Machine	Assistive device that automatically stores and retrieves items from out-of-reach shelving	\$30,000
Total		\$240,000.00

Grant Recipients 2018-19

March 2019

Company	Project description	Commitment
Altina Drinks Pty Ltd	Zero proof craft cocktail manufacturer	\$30,000
Evalu8 Sustainability	Carbon footprint auditing platform	\$30,000
Ms Pink Enterprises Pty Ltd	e-Health platform for delivering secure trauma therapy	\$30,000
PentaQuest Pty Ltd	Gamification design services	\$30,000
Pitch Ready (Australia) Pty Ltd	Testing system to reduce ACL injury risk	\$30,000
Recovery VR Pty Ltd	Virtual reality stroke rehabilitation program	\$30,000
Buoy Fishing Pty Ltd	Modular fishing lure system	\$30,000
INRG Pty Ltd	Carbon emission reporting and recommendation tool	\$30,000
Report Hero Pty Ltd	Student end-of-year report building mobile application for teachers	\$10,000
Total		\$240,000.00

November 2018

Company	Project description	Commitment
Brivio Pty Ltd	Video branding and publishing tool	\$30,000
Hayley Teasdale	Balance improvement device	\$28,000
Examine Group Pty Ltd	Automated legislative and policy information alerts	\$20,000
Smart Blox Pty Ltd	Deployable solar power micro-grid	\$30,000
PPB Technology Pty Ltd	Rapid lactose detection system	\$30,000
Consolidated Composites Pty Ltd	High performance crutches made from advanced materials	\$30,000
Total		\$168,000.00

Grant Recipients 2017-18

Company	Project description	Grant category	Commitment
Flex-G Pty Ltd	Nanofluid coolant for electrified systems	Proof of Technology	\$30,000
Cingulan Pty Ltd	Satellite tracking solution	Proof of Technology	\$30,000
Mr Dennis Levy	Early detection of bush fires and electrical power line faults	Proof of Technology	\$30,000
Emudent Technologies Pty Ltd	Dental automation	Proof of Technology	\$30,000
GC Precision Development Pty Ltd	Firearm suppressor	Proof of Technology	\$30,000
This is Plumbing	Toilet siphon	Proof of Technology	\$5,000
Safrican Pty Ltd	VR ADHD therapy	Proof of Technology	\$20,000
Fillearth Pty Ltd	Solar cooker	Renewables	\$10,000
Serious Futures	C02peration climate science game	Renewables	\$30,000
Energy Storage Rights	One lake pumped hydro	Renewables	\$30,000
Re:Start Charging Services Pty Ltd	On demand EV charging service	Renewables	\$27,000
Smart Blox Pty Ltd	Solar Blox	Renewables	\$20,000
Total			\$292,000

Grant Recipients 2016-17

Company	Project description	Grant category	Commitment
Wildlife Drones Pty Ltd	Translating the world's first robotic radio-tracking drone prototype into a commercial product service system.	Proof of Technology	\$30,000
Pixileted Induction Pty Ltd	Wireless charging tables: automatically charge a smartphone placed anywhere on the surface.	Proof of Technology	\$30,000
Karma Wiki Pty Ltd	Karma is an online platform for writing and sharing open letters. Karma's mission is to become the home of gratitude online.	Proof of Technology	\$30,000
Perimeter Securities Industries Pty Ltd	The development of functional software to provide for the secure, confidential aggregation of data being collected across the ACT by aged care facilities and other organizations using the Balance Mat to measure the balance ability of people.	Proof of Technology	\$30,000
DIY Custom Kitchens Pty Ltd	The development of CabSketch: a custom design joinery solution.	Proof of Technology	\$30,000
Little Products	The development of Chair Adapter: a children's booster seat with adjustable foot and back support that fits on any chair, anywhere.	Proof of Technology	\$30,000
Arcturus Dynamics	The Titan Power System is a hydrogen fuel cell based architecture that is designed for specialised applications with the aim of delivering greater energy density than what is currently available with current lithium based technology.	Renewables	\$30,000
Mitra Solar Concentrators	Development a prototype of the capabilities of a parabolic solar concentrator via a computer simulated three dimensional model of off angle reflections from a parabolic reflector.	Renewables	\$30,000
PV Lab Australia	Solar panel quality reports for consumers. This project will develop an online service or app to provide product quality reports on the most commonly used solar panel brands and models offered in consumer installations.	Renewables	\$27,093
Total			\$237,093

Grant Recipients 2015–16

Company	Project description	Grant category	Commitment
SoapDrones Pty Ltd	SOAPdrones designs and develops cutting-edge drone technology for military and commercial use. Our immediate focus is drone technology that will allow transport of goods weighing at least 10kg for up to three hours, and all with vertical lift.	Proof of Technology	\$30,000
Vendome Consulting Pty Ltd	A distributed language learning platform that allows teachers and learning institutions to support students with learning pronunciation outside the classroom.	Proof of Technology	\$30,000
Aid Practice Pty Ltd	Aidapp.io is a mobile and software application to enable better, faster and more equitable exchanges between practitioners working in developing countries.	Proof of Technology	\$30,000
Record Time Pty Ltd	Record Time – a paperless docketing solution – anytime, anywhere.	Proof of Technology	\$30,000
Today's Plan Pty Ltd	The Integrated Training Centre (ITC) is a white-labelled version of the Today's Plan training system, specifically tailored for integration with a cycling technology device manufacturer.	Proof of Technology	\$30,000
Goterra Pty Ltd	GOTs-Feed is pellets or meal made from Black Solider Fly larvae that has been through an extrusion process. GOTsDirt is a health and nutritious soil supplement made from larvae waste. GOTsRubbish is our food waste collection service.	Proof of Technology	\$30,000
Poppin Code	Poppin Code is an online school to help kids learn about coding and digital technology. The content is fun, well-researched, it feels personal and it aligns with the new Australian Curriculum for Digital Technologies.	Proof of Technology	\$24,000
AxSys Performance Pty Ltd	The AxSys GPS is an elite Sport GPS targeting performance analysis for the aspiring amateur and talent identification athlete at a consumer price.	Proof of Technology	\$30,000
Rockstars and Royalty Pty Ltd	An online collection of high quality, highly customisable special occasion dress in the Rockstars and Royalty signature vintage-inspired style that will be available in a large range of standard and custom sizes.	Proof of Technology	\$30,000

Company	Project description	Grant category	Commitment
The Trustee for Austra Rose Trust	LuminAUZ - Environmentally friendly electroluminescent paint suitable for three dimensional objects, signage and lighting solutions	Proof of Technology	\$10,000
Hollie Bell	Develop climb stopper an economical way to improve balcony safety with a fast and simple set up.	Accelerating Innovation	\$10,000
Lightning Rock Pty Ltd	Marble Mountain is a 3D platform computer game that takes advantage of Virtual Reality technology to blend retro arcade game play with a modern cinematic adventure.	Accelerating Innovation	\$5,500
M&T Kendall Pty Ltd	H2Protein is a low-carb flavoured protein water with electrolytes.	Accelerating Innovation	\$7,000
Document Modeling Pty Ltd	The Intelligent Composition Engine (ICE) is desktop software that helps lawyers write contracts faster, with a high level of integrity.	Accelerating Innovation	\$7,000
Mobflic Pty Ltd	Mobflic transforms ordinary users into storytellers. Mobflic offers users a range of exciting scripts written by professional storytellers and directors. These scripts guide users on which shots to take then Mobflic stitches these shots together applying the latest in post-production features.	Accelerating Innovation	\$10,000
Sega Electric	An innovative motor controller technology for sensorless, brushless DC electric motors.	Accelerating Innovation	\$10,000
NatureMapr	NatureMapr helps organizations collect, manage and analyse information from the natural world.	Accelerating Innovation	\$9,980
Rollercoaster Digital Pty Ltd	Jaja makes it easy to connect with people and manage contacts, on any platform, in the same place, using one tool.	Proof of Technology	\$39,061
Lighthouse Business Innovation Centre Limited	StartUp Realm is an interactive platform that engages educators and students in the process of innovation.	Proof of Technology	\$41,000
Diabetes Domination Pty Ltd	The product removes and stores blood testing strips after using a meter to test the blood glucose levels.	Proof of Technology	\$27,100
Treva Pty Ltd	Treva is a new approach to travel planning: it helps you decide what to see and book – and makes travel about you, again.	Proof of Technology	\$45,000

Company	Project description	Grant category	Commitment
Air Realty	Air Realty allows anyone to build a real estate sales package then sell their property with or without a professional sales agent.	Proof of Technology	\$45,000
Ambe Engineering Pty Ltd	ECON SLAB is an Insulated Concrete Thermal Mass Slab System which places the insulation on the underside and edges of the concrete slab and prevents the leakage of energy to the earth and further enables the concrete slab to absorb, store and later release thermal energy to achieve substantial energy savings while improving occupant comfort levels.	Proof of Technology	\$45,000
Linktap Pty Ltd	A low power, battery-operated wireless watering timer that can be easily programmed and controlled through mobile phones anywhere, anytime.	Proof of Technology	\$45,000
Pendulum Technology Pty Ltd	The development of a scraping algorithm and market testing for the Bindle App.	Accelerating Innovation	\$10,000
Burnology Pty Ltd	Commercialisation of Burnology Unite.	Accelerating Innovation	\$10,000
Agincourt Bio Consulting	The development of an IP strategy for the REVAC diagnostic test kit.	Accelerating Innovation	\$10,000
HLS Vehicle Customisation Pty Ltd	Conrod – a connected hardware device designed to add intelligence and automation to otherwise feature-limited vehicles.	Proof of Technology	\$50,000
Questagame	Questagame is a mobile adventure game based on identifying species in the natural environment.	Proof of Technology	\$47,500
Health-Innovate Pty Ltd	An online marketplace for health innovation connecting researchers, consumers, health trial candidates, investors, governments and public health organizations.	Proof of Technology	\$30,000
HACT Pty Ltd	An online platform for 10–17 year olds that fosters an on-going engagement with digital-enabled technologies.	Proof of Technology	\$35,000
CoachLive	The development of a set of internet connected sensors and associated support for rowing boats. The project aims to improve the performance of athletes and coaches alike through better measurement and analysis.	Proof of Technology	\$40,550
Total			\$853,691

Grant Recipients 2014–15

Company	Project description	Grant category	Commitment
AxSys Performance Pty Ltd	Pump and Virtual Personal Trainer – a wearable electronic gym training aid	Proof of Technology	\$35,000
Dr Jackson Thomas	An innovative dermatological solution to scabies	Proof of Technology	\$50,000
Platypus Instruments	Portable Pocket Inverter – allowing convenient fault trip time testing of residual current devices as required by electrical safety regulations	Proof of Technology	\$41,500
Newman Events Pty Ltd	An online conference and event venue search system	Proof of Technology	\$25,000
Cycrete Pty Ltd	A concrete agitator bowl cleaning additive	Clean Technology	\$50,000
Elementice	Automated camera system trial that allows real-time capture and upload to social media of branded business promotional images	Proof of Technology	\$30,000
Dr Moses Muti	Safari Medical – a web-based travel health service	Proof of Technology	\$25,500
Neversleep Pty Ltd	The production and trial of the CoolSense Coolroom Monitoring System	Accelerating Innovation	\$10,000
Burnology Pty Ltd	A web-based collaborative mapping and intelligence management system for use before, during and after emergency incidents	Proof of Technology	\$25,000
Davoodi Pty Ltd	The development of AutoMed – an automatic, self-adjusting medication system for livestock complete with a mobile and cloud-based management system and data recorder	Proof of Technology	\$50,000
Ezygene Pty Ltd	Development of a DNA diagnostic kit for identification of Pseudomonas bacteria suitable for commercial sale	Proof of Technology	\$25,000
Rosemark Water Tanks	The development of a full scale working prototype of an innovative water storage solution designed to remove space, cost and aesthetic barriers to greater water tank adoption	Proof of Technology	\$20,000
Pendulum Technology Pty Ltd	Bindle the new way to travel. A mobile application that leverages crowd sourced information to help users help themselves. Bindle enables travellers to connect with one another around the world and revolutionises the traditional travel guide as it stands today	Proof of Technology	\$25,000

Company	Project description	Grant category	Commitment
MediSen Solutions Pty Ltd	The development of an electronic portal that places control of claims in the hands of the health care providers	Proof of Technology	\$25,000
Pictionist	The goal of Pictionist is to revolutionise how people search for images and pictures within an organisation. This will be achieved through implementation of an image search engine that can be customised based on specific characteristics such as image colour, visual structure, and metadata	Proof of Technology	\$20,000
mHITs Limited	The project provides additional capacity to the mHITs Remit service by building a scalable platform into which multiple additional receiver markets can be easily integrated into the service	Accelerating Innovation	\$10,000
Jimble Pty Ltd	The development of an innovative platform for local discussions in order to increase local engagement for users and businesses	Accelerating Innovation	\$10,000
Total			\$477,000

Grant Recipients 2013–14

Company	Project description	Grant category	Commitment
Get a Job Now Pty Ltd	The development of a social media marketing strategy for likeajob.com.au – a job matchmaking service which connects employers with job seekers.	Accelerating Innovation	\$10,000
Prima Facie Group Pty Ltd	Completion of legal and design requirements for Solution Solution® a cosmetic stain remover.	Accelerating Innovation	\$10,000
Clarus Technologies Pty Ltd	Securing the intellectual property arising from the proof of concept phase of the Cyber Kinetics – Artificial Muscle project.	Accelerating Innovation	\$10,000
Gravity Consulting Services Pty Ltd	the development of Strategy Sketchpad an iPad application that lets CXO's and senior executives to quickly and visually develop organisational strategies and roadmaps	Proof of Technology	\$35,000
EEP	Developing Quizling stage two – taking Quizling from a quiz creation tool to a social learning platform	Proof of Technology	\$35,000
APositive Pty Ltd	The development of Energy Mission a digital toolset for employers to engage employees in self-sustaining energy efficient behaviours, saving thousands of dollars	Proof of Technology	\$50,000
Mobflic Pty Ltd	Developing a Mobflic MVP smartphone application that allows users to create professionally finished film through guided point and shoot	Proof of Technology	\$50,000
SignOnSite Pty Ltd	The development of SignOnSite a workplace health and safety platform that improves the safety and compliance of companies by leveraging the smart phones of employees and contractors	Proof of Technology	\$50,000
Dilkara Hair	The commercialisation of an Indigenous professional salon hair range with specific botanical ingredients consisting of unique natural Aboriginal and Torres Strait Islander blends	Proof of Technology	\$30,000
Correct Communications Pty Ltd	The development of a unique cloud-based service focussed on the unified communications needs of small to medium businesses	Proof of Technology	\$43,000
Targeted Genomics Pty Ltd	The development of high-speed, high-resolution and cost effective genomic testing technologies for the routine quality and safety assessment of drinking and recreational water	Proof of Technology	\$15,000

Company	Project description	Grant category	Commitment
Haystack HQ Pty Limited	The development of a web-based visual analytics service for legal eDiscovery targeting regulatory agencies, tier-1 law firms and the Fortune 5000 companies they serve	Proof of Technology	\$30,000
Paramodic Pty Ltd	Development of a second-stage prototype for curating and augmenting a narrative of indigenous cultural sites, artefacts and intangible heritage using smart devices	Proof of Technology	\$25,000
Candra Innovations	Developing a system for improving dental health with self-screening targeted brushing and networking with professionals using miniature intra-oral camera for oral hygiene devices	Proof of Technology	\$15,000
MySmock Pty Ltd	A peer to peer payment app that makes it easy to pay or get paid for rent, utilities, dinner, drinks, movies, birthdays or any other peer to peer payment scenario	Accelerating Innovation	\$10,000
Minirva Pty Ltd	The prototype development of multiple document analyser software which assists users in extracting valuable information from vast electronic document archives	Proof of Technology	\$30,000
ChangeBud Pty Ltd	The development of ChangeBud – a habit shaping, stress management and resilience building application that enables organisations to better support their employees	Proof of Technology	\$25,000
Euclidify	The development of a prototype online 3D printing marketplace that connects consumers and designers of 3D printed items with independent printer owners	Proof of Technology	\$34,000
Energy Lighting and Electrical Pty Ltd	The prototype development of the Tone Voltage and Current Generator, which assists in locating specific in-floor heating cables located in concrete floors	Proof of Technology	\$25,000
Public Knowledge	Development of an online clearinghouse for Federal Government budget and operational information	Proof of Technology	\$30,000
Ambe Engineering Pty Ltd	The prototype development of ECON WALL an insulated concrete thermal mass wall system which achieves significant energy savings in buildings whilst improving occupant comfort levels	Proof of Technology	\$50,000
Preventative Approach Pty Ltd	The development of a self-monitoring software system to be integrated into exercise and stretching devices	Proof of Technology	\$50,000

Company	Project description	Grant category	Commitment
		Total	\$662,000

Grant Recipients 2012–13

Company	Project description	Grant category	Commitment
Enabled Employment	The development of a disability teleworking website	Proof of Technology	\$21,000
Reposit Power Pty Ltd	The commercial scale deployment of a prototype enterprise hardware and software solution that manages distributed electricity storage to provide the essential grid services required to support increased renewable generation, cost savings and power system efficiency	Proof of Technology	\$50,000
Wild Blue Ocean	The development of MarineAlert a smart device application that aims to improve and promote the conservation, sustainability and recreational use of, and accessibility to, Australia's Commonwealth, State and Territory-based Marine Parks	Proof of Technology	\$39,200
Feedback Loop Pty Ltd	The development of a dashboard that will help businesses measure the benefits of promoting trusted testimonials on their website and on social media	Proof of Technology	\$50,000
Geospatial Intelligence Pty Ltd	The development of a contingency support application prototype called Geoint – SafeNet that combines sophisticated technology to provide information for travellers about the incidents that are happening in their vicinity	Proof of Technology	\$50,000
Sembl	Sembl is a game-based social learning platform for dialogic and network thinking;	Proof of Technology	\$50,000
La Confiance Works Pty Ltd	The project will develop a prototype online trust package to demonstrate how trust management works in a complex online business environment	Proof of Technology	\$50,000
MyHealthTest Pty Ltd	A new online business which will offer pathology tests for individuals to test, monitor and track their health and wellness from the convenience of their home. in collaboration with the John Curtin School of Medical Research at the ANU this project will undertake comparative analysis research to ensure the MyHealthTest dried blood spot test sample collection media will deliver comparative and acceptably precise results to that of current methods	Proof of Technology	\$50,000

Company	Project description	Grant category	Commitment
ScienceAlert Pty Ltd	Development of a specialised online network of science-related videos.	Proof of Technology	\$50,000
Beta Therapeutics Pty Ltd	Development of drugs based on a discovery made by researchers at the John Curtin School of Medical Research that may lead to a significant advance in the treatment of type 1 diabetes.	Proof of Technology	\$45,343
Qhopper™ Pty Ltd	Development of an integrated process between consumer smartphones and physical points of service – with intelligent real-time virtual queuing to facilitate the ideal customer flow ensuring that physical queues don't form.	Proof of Technology	\$50,000
easySWMS Pty Ltd	Development of an easy to use mobile computing application that enables front-line construction workers and staff to compile Safe Work Method Statements at the work face.	Proof of Technology	\$40,000
Aerovort	Development of the Micro Chinook Unmanned Ground and Air Vehicle with both a fly and drive capability.	Proof of Technology	\$43,000
Stalkthis Pty Ltd	Development of a comprehensive information memorandum and social media campaign	Accelerating Innovation	\$10,000
Canberra Innovation Corporation Pty Ltd	Development of a software package to assist Commonwealth Government agencies manage Freedom of Information applications.	Proof of Technology	\$10,000
Clarus Technologies	Prototype development of a synthetic movement device with applications in robotics and artificial skeletal muscle.	Proof of Technology	\$50,000
Australian Soil Management Pty Ltd	Development, evaluation and validation of SoilSmart: a structured soil management program capturing and storing carbon to rebuild the quality of soils.	Proof of Technology	\$30,000
Mr Jani Segal	Development of <i>sDrive</i> : an innovative motor controller technology for sensorless brushless direct current electric motors.	Proof of Technology	\$30,000
Centre for Internet Safety	Development and validation of a location-based fraud detection tool	Proof of Technology	\$30,000
Fiduciary's Friend Pty Ltd	Engagement of independent legal and intellectual property advice to assist in the development of an intellectual property strategy	Accelerating Innovation	\$10,000

Company	Project description	Grant category	Commitment
Achieve Beyond	Development of the Cheer Chick Charlie project, including the development of an interactive iPad application	Accelerating Innovation	\$10,000
Microme	Development of the WiZo weather station, an easy to set-up and cost effective network weather station	Accelerating Innovation	\$10,000
Stalkthis Pty Ltd	Retail product that combines the functions of a wish list, shopping basket, advertising platform and social media	Proof of Technology	\$50,000
Kord Defence Pty Ltd	Generic cable assembly for the Kord Rifle Input Control	Proof of Technology	\$30,000
Trade-Up Pty Ltd	Development of a marketable proof-of-concept of the Trade-Up software system	Proof of Technology	\$50,000
Reasonwell Pty Ltd	An innovative online platform for collaborative debate and deliberation	Proof of Technology	\$30,000
Total			\$938,543

Grant Recipients 2011–12

Company	Project description	Grant category	Commitment
Federal Construction Management	Contractor Management System	Proof of Technology	\$30,000
HappyMid	Currency Exchange System	Proof of Technology	\$30,000
MyTribes	Multi-level Privacy System for Geo-Location-Sharing Social Media Apps	Proof of Technology	\$40,000
Perceptron Systems	Alertron – Automated Fall Monitoring & Alerting Device	Proof of Technology	\$25,000
Stephen Holgate (sole trader)	Mighty Mount	Proof of Technology	\$30,000
Newcast Pty Ltd	Accessible Video Player	Proof of Technology	\$23,825
Omega Medical Designs Pty Ltd	International Patent Application	Accelerating Innovation	\$10,000
Cubbyhole Pty Ltd	Perkler for Android	Accelerating Innovation	\$9,960
InterfereX Pty Ltd	Advanced Software Architectures for Indoor Radio Modelling	Proof of Technology	\$20,000
Smart Build Technologies	Smart Build Technology Design System	Proof of Technology	\$20,000
Sintech Solutions	TenBagsFull.com	Proof of Technology	\$30,000
StageBitz® Pty Ltd	StageBitz® Marketplace Pilot Program	Proof of Technology	\$30,000
Red Robot Pty Ltd	Design & Manufacture Event Hire Photobooths	Proof of Technology	\$30,000
iSimulate Pty Ltd	Advanced Life Support Training Simulator	Proof of Technology	\$20,000
DJS Enterprises (ACT) Pty Ltd	Vida marketing strategy development	Accelerating Innovation	\$10,000
Achieve Beyond	Cheer Chick Charlie marketing strategy and IP advice	Accelerating Innovation	\$10,000
Cloud Central Pty Ltd	Open-standard cloud storage service	Proof of Technology	\$50,000
Test Drive Security Pty Ltd	Formalised vehicle tracking within the automotive industry	Proof of Technology	\$35,000
Wedz Pty Ltd	Wedz online event planner	Proof of Technology	\$25,000
Yuk To Kids Pty Ltd	Visual Child Safety Pack	Accelerating Innovation	\$5,000
Sports Wizard	Sports Wizard High Perf	Accelerating Innovation	\$10,000
Total			\$503,855

Grant Recipients 2010–11

Company	Project description	Grant category	Commitment
Avonthor Pty Limited	Avonthor Report Builder	Accelerating Innovation	\$10,000
La Bella Creations Pty Ltd	IP Protection	Accelerating Innovation	\$8,870
ADdysk™	ADdysk™ Advertising Mechanism	Accelerating Innovation	\$10,000
Triplethink Pty Ltd	Riph market testing and patent advice	Accelerating Innovation	\$10,000
Envirolove	Envirolove pilot program	Accelerating Innovation	\$7,000
Warm Contact Pty Ltd	Warm Contact Warmer Dryer	Proof of Technology	\$25,000
Skoolbo Pty Ltd	Skoolbo software engine and beta testing	Proof of Technology	\$25,000
Sage Health Systems Pty Limited	SmartWard software development	Proof of Technology	\$50,000
Shiftr Pty Ltd	Shiftr proof of concept	Proof of Technology	\$25,000
PSARN International Pty Ltd	TITAN follow-on development	Proof of Technology	\$25,000
Sage Health Systems Pty Limited	SmartWard functionality presentation	Accelerating Innovation	\$10,000
The Health Safari	Skin Safari: Track Your Moles	Proof of Technology	\$24,000
Nexus eWater Pty Ltd	Technology demonstration and performance testing for a water and energy conservation system	Proof of Technology	\$50,000
EcoSpectral Pty Ltd	eSlam intelligent lighting system	Proof of Technology	\$50,000
FourthUmpire Pty Ltd	FourthUmpire: proof of concept	Proof of Technology	\$20,000
Sage Health Systems Pty Limited	Mobile Wound Diagnostic Scanner (MWDS)	Proof of Technology	\$50,000
Shutter Jobs	Shutterjobs.com.au development and beta testing	Proof of Technology	\$17,000
17Dynamics Pty Ltd	Simply.Show Me development and beta testing	Proof of Technology	\$35,000

Company	Project description	Grant category	Commitment
Happy Mid Pty Ltd	Happy Mid independent validation	Proof of Technology	\$15,000
		Total	\$466,870

Grant Recipients 2009–10

Company	Project description	Grant category	Commitment
Stewart Healley	Swing Safety Sign	Accelerating Innovation	\$10,000
mHITs Limited	mHITS Q-Jumper firmware	Accelerating Innovation	\$10,000
HopStop Australia Pty Ltd	HopStop commercialisation strategy	Accelerating Innovation	\$10,000
DJS Enterprises Ltd	VS Beverage development	Accelerating Innovation	\$5,000
SpySee Pty Ltd	SpySee Customer Engagement Experience	Accelerating Innovation	\$10,000
Austranter Medical	CPAP (Continuous Positive Airway Pressure) System	Accelerating Innovation	\$9,632
CSERD Pty Ltd	Electric Machine IP strategy	Accelerating Innovation	\$10,000
Therese Fingleton	Mega City Hero educational development	Proof of Technology	\$25,000
Peak Achievement	E-Profile – a standardised, Integrative Database for Profiling Organisations	Accelerating Innovation	\$10,000
Twitch Pty Ltd	Twitch software	Proof of Technology	\$12,000
Companion Medicine	Companion Medicine clinical research	Proof of Technology	\$50,000
Enhanced PC Solutions Pty Ltd	Enhanced PC Solutions Cloud Trial	Proof of Technology	\$28,874
Renewable Processes Pty Limited	Renewable Processes business development	Proof of Technology	\$25,000
Gamma Vaccines Pty Ltd	Gamma Vaccines IP and external investment	Proof of Technology	\$25,000
Rent Monkey Pty Ltd	RentMonkey e-commerce system development	Proof of Technology	\$15,000
Tidal Innovations Holdings Pty Ltd	Tidal Innovations river tidal energy production solution	Proof of Technology	\$50,000
Pacific Blue Gem Pty Limited	A2G02 (Appointments To Go To)	Proof of Technology	\$15,000

Company	Project description	Grant category	Commitment
ThreeWhy Pty Ltd	Threewhy software, marketing and independent audit	Proof of Technology	\$25,000
SoccerFit Enterprises Pty Ltd	Soccerfit non-profit, charitable and sporting groups bookings, payment and administration	Proof of Technology	\$25,000
Triplethink Pty Ltd	Starki development for proof of concept	Proof of Technology	\$41,000
Infini Pty LTd	myinfoQ system development	Proof of Technology	\$25,000
Jaded Interactive Pty Ltd	Famoo Family Software system development	Proof of Technology	\$21,000
Audacious Solutions Pty Ltd	The TrebleClef local music venue prototype software	Proof of Technology	\$20,000
WebInvite Pty Ltd	WebInvite interactive functionality and market research	Proof of Technology	\$20,000
Ideasol Australia Pty Ltd	Solar Tile development of low cost solar concentrator	Proof of Technology	\$21,000
Gr8venue	Accessible Venue Register for people with a disability	Proof of Technology	\$5,000
NoisyFish Pty Ltd	NoisyFish development of local marketplace	Proof of Technology	\$15,000
iTourU Pty Ltd	iTourU development of mobile platform	Proof of Technology	\$25,000
Nexus Ewater Pty Ltd	OC for the recovery of heat from grey water	Proof of Technology	\$25,000
Total			\$588,506

Grant Recipients 2008–09

Company	Project description	Grant category	Commitment
Cubbyhole Pty Ltd	Perkler Market Readiness	Accelerating Innovation	\$10,000
Treonic Pty Ltd	Treonic Knowledge Management on Demand	Accelerating Innovation	\$10,000
ELACO Pty Ltd	ELACO Sump Guard	Accelerating Innovation	\$10,000
Admin Bandit Pty Ltd	Admin Bandit Online Accounting	Accelerating Innovation	\$10,000
Admin Bandit Pty Ltd	AdminBandit Online Development project	Accelerating Innovation	\$5,000
mHITS Limited	mHITS POS system	Accelerating Innovation	\$7,750
3Tech Systems Pty Ltd	3Tech OZESPORT	Proof of Technology	\$5,000
Sensol Ltd	Sensor Mats	Proof of Technology	\$20,000
Invizion Pty Limited	Invizion Intelligent Document Storage	Proof of Technology	\$50,000
Ingenate Pty Ltd	Ingenate Water Treatment	Proof of Technology	\$25,000
Q-Motive	Q-Motive ELACO Seats	Proof of Technology	\$15,000
GPT Designs Pty Ltd	Induction loop technology for the hearing impaired	Proof of Technology	\$40,000
Alexander Technology Pty Ltd	OpenClustera	Proof of Technology	\$15,000
Auraya Solutions Pty Ltd	Black List Voice Recognition	Proof of Technology	\$50,000
ADdysk™	ADdysk™ Advertising Mechanism	Proof of Technology	\$5,000
Talkizen Pty Ltd	Talkizen language and pronunciation	Proof of Technology	\$15,000
Cubbyhole Pty Ltd	Perkler.com	Proof of Technology	\$30,000
Production Genie Pty Ltd	Production Genie software development	Proof of Technology	\$36,400
Total			\$359,150
